

PARENT JOURNEY

30 HOURS

1

Go to **Childcare Choices & apply online** (application for both 30 Hours & Taxfree Childcare.) Tick the appropriate boxes for one or both options*
www.childcarechoices.gov.uk

2

You will be checked for eligibility and if you are eligible you will then receive your 11-digit code, which will begin with either 500 or 11

3

Now go to the Councils '30-Hour Childcare' page where you can login or create a new account
www.haringey.gov.uk/30hours

4

If you created a new Parent Portal account, you will receive an email which asks you to verify your account

5

Once you have verified, log on to express your interest with as many Haringey childcare providers as you wish
www.haringey.gov.uk/30hoursproviders

6

Providers will respond to you via your Parent Portal account. If they have a place you will be invited to view and meet. If you have not heard within 3 working days, please contact the provider direct

7

Once you have decided on a childcare provider, both you and they need to accept the place via your Parent Portal account. Once both parties have accepted, your child's place will be confirmed by email

8

This also allows the Council to share your details with the provider to enable them to claim the funding. Your childcare provider will directly confirm your child's start date
