Subject: Framework Core Strategy: Pinkham Way site
Dear sir

In relation to the current consultation on the Council's Framework Core Strategy I would like to register my concerns about the change of designation of the Pinkham Way site from employment to industrial use.

My key concerns are:

1. the suitability of using the site for industrial use when it has been previously listed as green space that should be protected.
2. the environmental impact of using the site for industrial use, particularly when the site is very close to a built up residential area and local schools.

As a parent with two children at Alexandra Park School I am particularly concerned about the latter, and feel that there should be further consultation to ensure that our anxieties are properly taken into account.

Best regards

Peter Haslam
