What is the Highgate Neighbourhood Forum?

Under the new Localism Act, communities are encouraged to set themselves up as neighbourhood forums. Amenity groups, residents' organisations and individuals in Highgate, supported by all our local Councillors, came together and decided to set up the Highgate Neighbourhood Forum, covering broadly the N6 postcode area. We are now applying for formal designation to both Camden and Haringey Councils.

What can we do?

Once formally designated, we can put together a neighbourhood plan which looks at the development of the area. We can also identify, and even buy "community assets" or act as "neighbourhood developers". We can incorporate issues like transport, security or the environment into the plan.

Why have a Neighbourhood Forum in Highgate?

- It's a golden opportunity for the Highgate community to create a vision for Highgate's future.
- No one knows this area better than the people who live and work in it, so we should be the ones to decide how it should develop.
- We want to make sure that Highgate's historic heritage and green spaces are defended, whilst also looking at innovative ways to improve it as a place in which to live and work.

The Forum is for us all. Get involved!
