Subject: Fwd: Re: Pinkham Way - Urgent Action!
To whomever it may concern

There are a number of grounds on which I object to the change of use for the Pinkham Way site. These include:

- The suitability of using the site for industrial use when it has been previously listed as green space that should be protected.
- The environmental impact of using the site for industrial use, particularly when the site is very close to a built up residential area and local schools.
- The limited consultation that has been carried out and Haringey Council's failure to adequately consult local people and inform them of the re-consultation.
- The loss of land for employment use and the impact this will have on creating new jobs.

I hope the appropriate action will be urgently taken to save residents and the people in schools from this devastating environmental threat!

Yours sincerely,

Bernadette Igboaka (local resident)
