Subject: Pinkham Way

Dear sir/madam

I am extremely concerned about the change of designation of the Pinkham Way site from employment use to industrial use.- 'employment land designations in SP8 Employment of the Core Strategy, change of land designation for DEA6 from employment land to locally significant industrial site.'

I am very worried about the environmental impact of using the site for industrial use, particularly when the site is very close to a built up residential area and also local schools.

This site has previously been listed as green space and as such should be protected. It is quite unsuitable for industrial use for many reasons.

I am also very annoyed that there has been limited consultation and am appalled at Haringey Coucil's failure to adequately consult local people and also most importantly to inform them of the reconsultation.

Local people are extremely worried and annoyed about this issue and deserve to have their voices heard

Yours sincerely,
Jennifer Johnson
