**Subject:** Opposition to redesignation of Pinkham way site

Dear sir,

I strongly oppose the proposal to re-designate the Former Friern Barnet Sewage treatment site (Pinkham Wood)

from *EL - Employment Use* (subject to "no adverse impact" on the nature conservation value of the site)

to *LSIS - Locally Significant Industrial Use*

This area is a one of only nine Haringey sites designated Grade 1 of Borough Importance for Nature Conservation. Haringey should be doing all it can to making the borough a nicer place to live, by protecting what little is left of green spaces. Designating this site for Industrial Use is a step in the wrong direction.

Yours faithfully

Tom Kan
