**Subject:** redesignation of the Pinkham Wood site  
To Whom it may concern

I would like to object to do the redesignation of Pinkham Wood site.

I do not believe that the redesignation is based on credible evidence. The only evidence produced by Hyder consulting UK Ltd actually illustrates to danger to the biodiversity of the site.

No evidence has been provided that alternatives have been considered.

Additionally the proposal contravenes both national and regional policy.

I strongly believe that this proposal threatens the biodiversity of the site and the social value of the land.  
I strongly object to this redesignation.

Sincerely  
Vicki Kiesel
