Subject: Pinkham Way

We are against Haringey Council changing ecologically rich woodland on Pinkham Way to an industrial site. We do not want NLWA to construct a waste plant in Pinkham Way.

The waste plant will pollute our environment, will pollute the air we breathe in and will be a health hazard. We do not want a waste plant in our area.

We do not want Haringey to turn Pinkham Way into an industrial site. The woodland will help to lessen the adverse effects of car pollution from the increased traffic in North Circular Road (A406) and will act as a small barrier to the noise from the traffic in our area.

Mr and Mrs Ling .
