**Subject:** Revised consultation on Haringey Core Strategy

To whom it may concern:

I strongly object to Haringey attempting to redesignate the use of the Pinkham Wood site. This will endanger nature conservation status, particularly if any development is subsequently planned.

In addition I would question the soundness of Haringey attempting to do this: it is inappropriate and not based on sound evidence and there has not been a fair consultation with local residents in this respect.

I trust that the weight of local opinion will urgently be taken into account in this matter.

Yours sincerely,  
Sarah Lloyd
