To whom it may concern,

I would like to formerly object to the designation of the former Friern Barnet Sewage treatment site as a Locally Significant Industrial Use.

As a local resident, I recognise that this is one of 9 sites within the borough designated as of Grade 1 Importance for Nature Conservation and object to its re-designation without proper due process and consultation.

In this regard I support the concerns raised by David Burrowes (Member of Parliament for Enfield Southgate) and request that the existing plans be rejected.

Kind regards,

Matthew Lucas MBA ACMA
