London Borough of Haringey
River Park House (6th floor)
Wood Green, N22 8H9.

Dear SIR

366/1
I am writing to object to the proposed change to designate Pinkham Way as Industrial. Haringey originally proposed to designate the former Sewage Treatment Works as employment land and have not explained why they have changed the designation.

~~There is no evidence that Haringey considered whether this was the most appropriate strategy by comparison with the other options and they have not produced credible evidence to support the decision.~~

366/2
The redesignation would affect the Greater Borough importance for nature conservation and is contrary to the approach that networks of natural habitat provide a valuable resource.

366/3
The redesignation would widen the range of uses to which the site could be put including heavy industries with their potential noise and pollution and traffic congestion. It would potentially affect the environment here and lead to more traffic congestion on and around the North Circular.

Yours faithfully,

Teresa McManara (12-12-12)
