Subject: Pinkham Way

Dear Haringey Council,

I am registering my objection to the plans to change the designation of Pinkham Way from employment to industrial land. My main objection is because the site is clearly very close to residential areas and it would therefore be irresponsible to allow industrial processes to take place in that area; it will increase noise, pollution and traffic congestion in a primarily residential area.

It will also destroy an ecologically rich and valuable site, which is one of only nine Haringey sites designated Grade 1 of Borough Importance for Nature Conservation.

I also feel very angry that any public consultation was carried out in a perfunctory manner with little respect for residents.

Regards,

Simon Miller
