Dear Sirs,

Concerning: Core Strategy Re-consultation on Pinkham Wood site

I live in close proximity and regularly go walking in this area. The loss of nature conservation value of the site would affect me and all residents in the area very negatively. I strongly encourage you not to go ahead with the proposed change.

The nature conservation value of the site and wildlife is important to me and all residents.

I strongly advise you not to re-designate the Former Friern Barnet Sewage treatment site (Pinkham Wood) from *EL* to *LSIS Use*.

Regards,
