Subject: objection to Pinkham Way change of use

To whom it may concern within Haringey Council,

I am writing to express my extreme objection to the change of use for the Pinkham Way site from "employment" use to "industrial" use, in order to pave the way for the massive waste plant proposed by the North London Waste Authority.

I question the suitability of using the site for industrial use when it has been previously listed as green space that should be protected. I question the environmental impact of using the site for industrial use, particularly when the site is very close to a built-up residential area and local schools.

I am extremely concerned about the increase of lorry traffic to a local area that is already heavily congested, both from a quality-of-life and a pollution standpoint.

Sincerely,

Anne Pollak, N22 7XQ

Anne Pollak
