

National Development Team for Inclusion

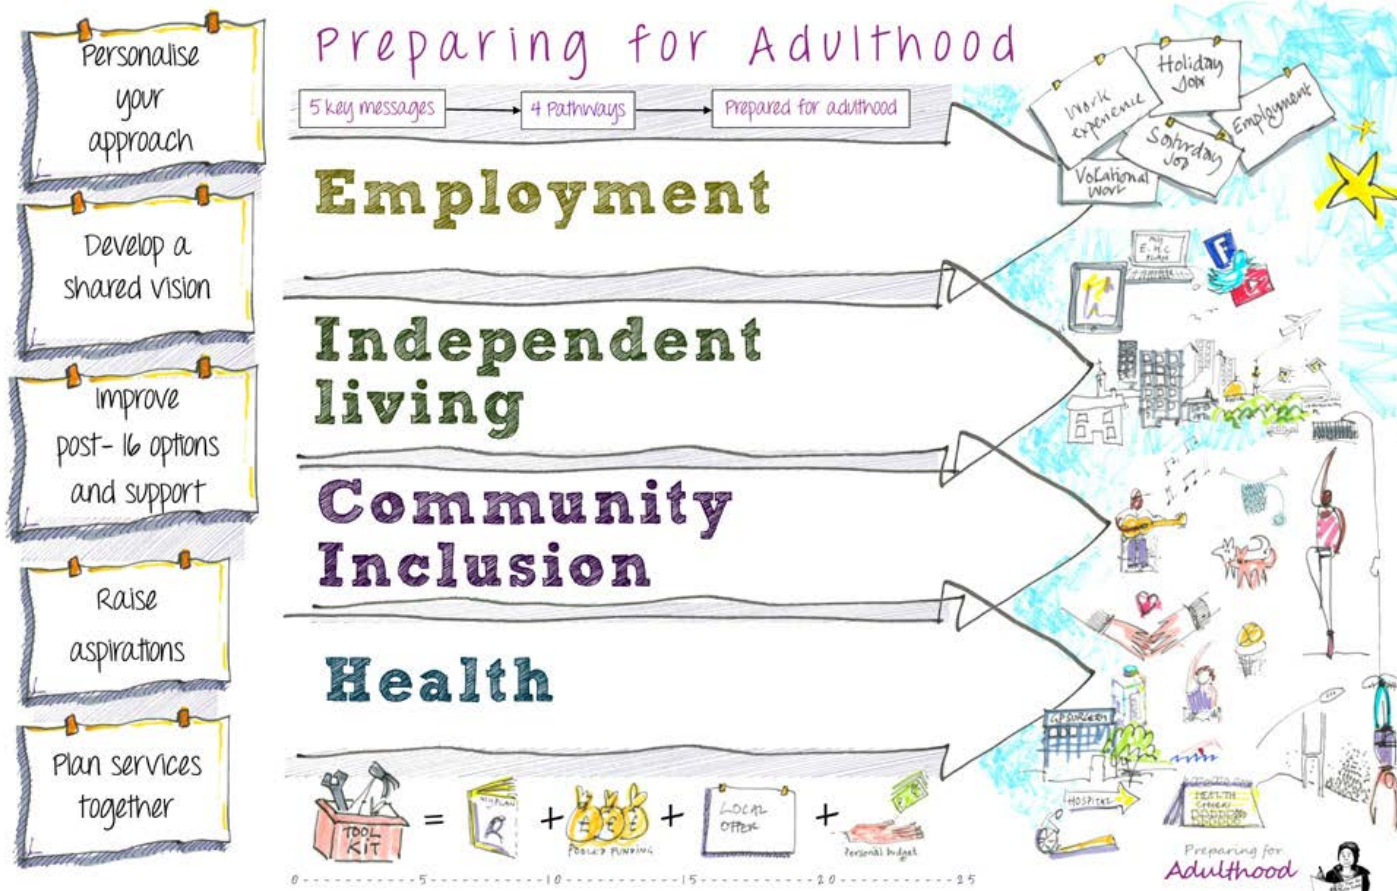

Haringey Transition Event

Preparing for Adulthood

January 30th 2019

The Pathways

Why the Pathways are Important

- They enable us to remember that children and young people with SEND have the same aspirations, needs and rights as all young people
- They help us to remember what a good life is for all children and young people
- They help us to find out what the child or young person's aspirations are and what is important to them now and in the future
- They help us to support children and young people and their families to plan for life outcomes

Outcomes in EHC plans

- To have planned work experience
- To have recorded what I am good at, interested in and who needs my skills
- To explore how travel to college as independently as possible
- To be able to tell the time and use a mobile phone
- To know when I am becoming angry or frustrated so that I can get support to avoid a problem
- For everyone to know what reasonable adjustments can be put in place so that I can make a positive contribution in the workplace
- For my mum and dad to know that work is possible and positive

Study Programmes and Supported Internships

- Since 2013 all young people over the age of 16 are expected to be following a study programme with work experience
- More young people are following Supported Internships and the number is expected to increase over the next few years

Rupini

- My first rotation was in Ultrasound Department
- My role was Admin Assistant
- My second rotation is in GP-X-Ray Department
- My role is Imaging Assistant

Rupini's Successes

- I have gained much more confidence, giving directions to patients etc.
- I can now do jobs/tasks that I couldn't do before
- I will be able to get a paid job

Wilf is a Barista

And Makes Sandwiches
