I write with regard to the re-designation of the Pinkhamway site and wish to express my dissatisfaction with Haringey's treatment of the matter.

I understand that the pinkhamway site is regarded as an area of environmental interest providing a natural habitat for both flora and fauna. I therefore don't understand why this would suddenly not be the case and feel that to re-designate the area to simply allow for Haringey's new plans is frankly dishonest.

I do not think that Haringey has properly represented its residents in this matter and hope that the re-designation of the site can therefore be stopped.

Best regards,

Jason Puddefoot and Victoria Black
