Subject: Pinkham Wood

Dear Sir / Madam,

I would like to comment on Haringey's decision to re appoint Pinkham Wood from *EL - Employment Use* (subject to "no adverse impact" on the nature conservation value of the site) to *LSIS - Locally Significant Industrial Use* (with no linked protection for the nature conservation value of the site).

I believe that this change in status will mean:

- The loss of the caveat to protect the nature conservation is a major change to the protection this site would receive and, consequently, there is a likelihood of losing this ecologically rich and valuable site, which is one of only nine Haringey sites designated Grade 1 of Borough Importance for Nature Conservation.
- It will widen the range of uses on the site to include heavy industrial uses, with all their potential for noise, pollution and traffic congestion.

May I ask why the council is seeking to alter the status of Pinkham Wood?

Regards

Richard Riddle
