Subject: Redesignation of the Pinkham Way site

Re. Change in designation of the Pinkham Way site in Frien Barnet

Dear Sir/Madam,

My family and I reside in the above address and strongly agree with all the points made by the Southgate Green Association(SGA), in their response regarding Haringey's proposal to change the designation of the Pinkham Way site located in Frien Barnet.

I strongly object to the re-designation because:-

- It is not based on robust or credible evidence
- There is no evidence Haringey considered whether this was the most appropriate strategy against alternatives
- It is not consistent with national policy
- It does not accord with Regional Policy
- It is not deliverable

I believe the site should remain as a conservation site and the type of development should be compatible with that.

Sincerely

L.J.Roberts
