**Subject:** Pinkham Way

Dear Sir/Madam,

I write to object to the change of designation for the Pinkham Way site from employment use to industrial use.

As a resident/voter and Council Tax payer, I object to using green space for anything other than for this use. I have always understood that green space was protected, but clearly the council make things up as they go along.

Secondly, I appalled at Haringey Council's failure to consult local people and inform them of the re-consultation. Have you thought of the environmental impact of using the site for industrial use, particularly when the site is very close to a built up residential area and local schools?

Has the consequences of destroying our green and pleasant land been fully explored or has the short-term effects of the financial incentive clouded the Coucil's vision?

In short, I object to your plans and I am willing to use my vote at the next local elections to reflect my objections.

Yours faithfully,  
James Robinson
