

HOUSING ACT 1985 SECTION 105 CONSULTATION

Consultation on proposed changes to the provision of amenities for secure tenants of Kerswell Close

10 May 2021 - 13 June 2021

Our commitment to delivering new homes

Housing is a top priority for Haringey Council. There are around 3,000 families living in temporary accommodation, and over 10,000 people on the waiting list for council housing. We are committed to delivering a new generation of council homes for local people. Our preference is to build as many of these new council homes ourselves, on our own land, wherever possible. You can find out more about the council's Housing Delivery Programme, including funding and current sites, by visiting www.haringey.gov.uk/haringey-homes.

Kerswell Close

In July 2019, the council agreed to look at a number of sites to consider their suitability for building new council homes. Kerswell Close was identified as one of those sites.

Under this proposal

Please see diagrams overleaf which show the existing site at Kerswell Close and the changes we are proposing including:

- Removal of 21 parking bays
- Removal of green space, footpath and trees
- Providing up to 30 new council homes to be let at council rents

Your views

The council wants to hear your views. No decision about the future of the parking bays, green space, footpaths and trees at Kerswell Close has been made yet.

Under Section 105 of the Housing Act 1985, the council has a legal obligation to consult with its secure tenants on the proposed changes. Though not required, we will also be asking leaseholders for their views regarding this proposal. The council will consider any comments made about the proposal before a final decision is made.
