

Transition Pathway Timescale

PHASE	STEP	SUMMARY OF KEY ACTIONS	TIME SCALE
ASSESSMENT PHASE	IDENTIFY	<p>SOCIAL CARE</p> <ul style="list-style-type: none"> When a young person in receipt of children's social care funding reaches 14 years or above, partners in (adult) services should be notified by Children's services if there will be a likely social care need at the age of 18. <p>HEALTH</p> <ul style="list-style-type: none"> When a young person in receipt of children's continuing care funding reaches 14 years or above, partners in (adult) continuing healthcare (CHC) must be notified. When a young person in receipt of children's continuing care funding reaches 17 years of age partners in CHC must be notified by referral to CHC team (and HLDP team where relevant) and a date for a Continuing Healthcare (CHC) checklist assessment will be arranged (with the Children's health assessor present at the checklist assessment). If the checklist suggests progressing to a full CHC assessment, a date for a joint health and social care assessment will be arranged. 	<p>14 YEARS</p>  <p>17 YEARS</p>
	REFERRAL	<p>SOCIAL CARE</p> <ul style="list-style-type: none"> The multi-agency Move Into Adulthood Panel will identify people with eligible needs and will share this information with Adult services. The social care staff in Disabled Children's Team will begin to make referrals to Adult services via the Mosaic database. Caseworkers in the Special Education Needs service may also refer people with Autism/ social care needs via a Mosaic referral form to Adult services. Mental Capacity Act assessments starts from the age of 16 and should be undertaken by children services and form part of the transfer information. Liberty Protection safeguards will apply to people in Children's services from Oct 2020. Referrals should include appropriate assessments and related support plans undertaken by children services such as No Recourse to Public Funds, Mental Capacity Assessments, education, health and care interventions or treatments. Adult social care's First Response Team will record mental health referrals onto Mosaic database (if eligibility for social care is not met) and will notify Barnet Enfield and Haringey Mental Health Trust so that an assessment can be undertaken. 	<p>16 YEARS</p>  <p>17 YEARS</p>
	ASSESS	<p>SOCIAL CARE</p> <ul style="list-style-type: none"> Adult services will screen assessments in order of priority. Adult services will contact families to undertake a full Adult assessment where it is deemed that the young person meets Care Act eligibility. Other assessments that may need to be undertaken include Mental Capacity, Deprivation of Liberty, Human Rights, No Recourse to Public Funds, Financial etc. Mental health needs will be assessed by Barnet, Enfield and Haringey Mental Health Trust (mainly via referral from GP). <p>HEALTH</p> <ul style="list-style-type: none"> When a young person in receipt of children's continuing care funding reaches 17 years of age and the CHC checklist indicates the young person can move to full assessment, an assessment must be carried out by the CHC assessor with the children's health assessor present. At the start of the assessment the children's health assessor and the CHC assessor must explain the transition process to the young person and their parent/carer. The CHC assessor will lead the coordination of the multi-disciplinary assessment. The CHC assessor must obtain consent to share the information. 	<p>CLOCK STARTS AT 17 YEARS</p>
