Bombed site 60-64 Mountview Road, Stroud Green. Here the Council has negotiated a tenancy from the Ecclesiastical Commissioners, and has constructed a garden in an area where very few open spaces are available.

Haringey Park, Crouch End. This land was purchased before the war for the extension of the Town Hall. The demolition of old and dangerous houses has afforded the Council an opportunity to use this land as a public garden, which is much needed in this part of the Borough.

The Scars of Yesterday

“Let us all take a pride in the surroundings of our homes; for beauty is our rightful heritage only if we ourselves seek and cherish it.”

Princes Parade, Muswell Hill, at the corner of Princes Avenue. This war-damaged site has been purchased by Messrs. Courage & Co., Ltd., for future development. In the meantime they have consented to the land being laid out as a public garden, and have generously contributed £200 towards the cost. A fine example of the public spirit of a large business.
