**Subject:** OBJECTION TO PINKHAM WAY CHANGE OF USE

Dear Haringey Council, 3rd November 2011,

I, a ratepayer of this borough for 36 years, write to object in the strongest possible terms to the proposal to change the use of the site in Haringey known as PINKHAM WAY.

This land was previously listed as green space that should be protected, so any change of use should be carefully considered, and the local residents consulted fully : they were not.

The area could be developed as employment land, and this would help the labour situation in the Borough.

The idea of changing the use to Industrial is a bad one : a waste disposal and recycling plant available to many North London Boroughs that has been suggested would be a particularly bad idea. It would generate a huge amount of traffic to this area which is already overloaded with cars and lorries.

In addition, the site is close to residential areas, and schools.

I urge you to reconsider carefully to what use the Pinkham Way site should be put , and to consult closely with us residents, and the residents in nearby LB Barnet , who are also affected.

Yours Sincerely,

Mr William M.Watson,
