Dear Resident or Business,

You may recall we consulted in October 2015 to assess demand for parking controls in the area. The responses we received from the consultation showed 56% majority support for CPZ controls, with 34% objecting.

After detailed consideration we have decided to introduce a CPZ in local roads - including yours - and this will be known as White Hart Lane (WHL) CPZ and will operate as ‘permit holders only’ from 8am – 6.30pm all week (Monday – Sunday). On event days, hours will be extended. Thus in more detail:

**White Hart Lane CPZ (WHL) will operate Monday – Sunday from 8am - 6.30pm.** On event days (Monday-Friday) the CPZ will operate from 8am - 8.30pm. If the event day is on a Saturday or Sunday the operating time will be 8am – 8pm. If an event day falls on a public holiday then the CPZ operating period will be from 12noon to 8pm.

Work on road signage and line markings is planned to start week commencing 6 February. This should take approximately four weeks to complete, weather permitting. The CPZ is planned to start operating from 6 March 2017.

We will introduce the new parking controls under what is known as an Experimental Traffic Management Order (TMO). The Council will keep the CPZ, including its operating days and hours, under review during the period of the Experimental order, to ensure it is operating satisfactorily.

Any interested party can make an objection or representation to the Council during the first six months and if required there is flexibility to modify the CPZ. Towards the end of the experimental period - which could last up to 18 months - we will decide if the controls should be made permanent. Please note that the Council will not consider removing the controls at the request of residents who live outside the CPZ.

You can apply for resident permits and visitor vouchers online at: [www.haringey.gov.uk/parking](http://www.haringey.gov.uk/parking) from 30 January 2017. As part of the application process, you will be asked to supply proof of address and a scan of your vehicle’s logbook. We will process all received permit applications ready for the operational start date of 6 March 2017. If you need assistance with your application or have any queries please call us on 020 8489 1000, or visit [www.haringey.gov.uk/parking](http://www.haringey.gov.uk/parking) or come to any of our Customer Service Centres.

To apply for visitor vouchers only, you will need to register with us. Please email permits-vouchers@haringey.gov.uk advising of your Council Tax reference number. If you do not have this available, please attach a document showing proof of your address (not mobile phone bills). Registration is usually completed within five working days and you will be given a logon ID to enable future purchase of visitor vouchers online. Permits and vouchers purchased online will be posted within five working days of the transaction date.

Businesses requiring permits should visit [www.haringey.gov.uk/parking](http://www.haringey.gov.uk/parking) for more information and to download a business permit application form.

For queries about the CPZ and the associated highways works, please email frontline.consultation@haringey.gov.uk or contact the Project Engineer on 020 8489 2618. Please remember that the council will enforce the CPZ from 6 March 2017.

Yours faithfully,

Ann Cunningham
Head of Traffic Management
